This attempt took 7 minutes.

Question 1

1 / 1 pts

'Ethical Creep' is when virtuous and practical positions are advocated, and a significant amount of attention is paid to how ethical positions can facilitate and speed up the research process.

☐ True

Correct!

☒ False

Question 2

1 / 1 pts

A provocation is the discussion and argument for a position that is used to highlight shortcomings in the consensus in order to encourage _____

☐ innovative solutions

☐ all of these

☐ conformity to norms

Correct!

☒ new, critical thinking

Question 3

2 / 2 pts

Select the five provocations discussed in the paper by Barry Brown et. al.

Correct!

☒ Anonymisation should be an option presented alongside co-creation of research with participants, not a default

Correct!

☒ IRBs can harm research ethics; prioritize researcher responsibility over bureaucracy

Correct!

☒

Informed consent is often unnecessary and can actually mislead by miscommunicating the benefits of participating in research

☐ Design provocations should not be viewed as guidelines or rules but tools for critical thinking

Correct!

☒ Research on vulnerable populations should more seriously evaluate who benefits from the research

☐

Making someone mildly uncomfortable, slightly irritated, or momentarily inconvenienced, should not constitute a barrier for research

Correct!

☒

Research that is based on privileged commercial access to data should not be published unless access is provided to all researchers

⋮

Question 4

0.67 / 1 pts

What are the measures suggested by the authors in future work to make ethical research more practical and achievable?

Correct!

☒ Initiate a dialogue about defining harm in ethical contexts

Correct Answer

☐ Distinguish between ethics in practice and ethics as a legal framework.

Correct!

☒ Encourage ethical experimentation with minimal risks

☐ Corporations should not be allowed to fund research

⋮

Question 5

1 / 1 pts

According to the authors, the point of informing the participant(s) should not be seen as giving them the same understanding of the study as the researcher has.

Correct!

- ☒ True
☐ False

Question 6

1 / 1 pts

The Belmont Report does not make specific recommendations for administrative action by the Secretary of Health, Education, and Welfare.

Correct!

- ☒ True
☐ False

Question 7

1 / 1 pts

What was the most intriguing aspect (quote, finding, argument, etc.) of the paper 'Five Provocations for Ethical HCI Research' for you?

Your Answer:

It challenges established norms, notably questioning the effectiveness of written informed consent and the role of Institutional Review Boards (IRBs) in research. It also encourages debate on traditional ethical practices in HCI, urging reconsideration and innovation in addressing ethical challenges.

Question 8

1 / 1 pts

Belmont Report states that justice is relevant to the selection of subjects of research at _____ level.

- ☐ social
☐ individual

Correct!

- ☒ social and individual

Question 9

1 / 1 pts

Two general rules have been formulated as complementary expressions of beneficent actions are:

Correct!

- ☒ Do not harm
- ☐ Treat individuals as autonomous agents
- ☐ Protect individuals with diminished autonomy

Correct!

- ☒ Maximize possible benefits and minimize possible harms.
